## Big hunter best weapon for bird

Play the role of a tribal leader who will do anything in his power to save his community from starvation with big hunter. Hunt down a woolly mammoth and discover ways to lay down the giant animal with your spears. This fun unblocked game is not your typical hunting game as you would have to apply a lot of physics in beating the giant animals in the right place so you don't end up their lunch. Decide if you will attack your opponent or run away and let your tribe starve to death as each level becomes more challenging with mini-goals that you must complete in more than 100 levels. Can you win against giant animals and continue to feed your tribe or will you your hunt for good as these animals stomp you to death? The decision is yours to make. Big Hunter Game Features Fluid Visuals and Soothing Sounds The Big Hunter game features pure 3D graphics and animation. Each animal has a different property. Some are dark and monochromatic while others are silly and realistic and don't seem threatening at all. The trunk leader avatar is a featureless silhouette with bright white eyes while the background mostly has a solid color. African percussion sounds make it perfect for hunting because of its rhythmic quality. A very impressive story with an unexpected ending The story begins with a nomad from a tribal community who experienced drought and rampant starvation. As a tribal leader, your goal is to provide food and nourishment to your tribe by preying on giant prehistoric animals. The game has various challenging levels with a very nice storyline to keep you entertained while you complete your mission. Play the game to the end and fall in love with the unexpected but pleasant twist. An Addicting Physics-Based Hunting Game This addicting arcade game involves throwing weapons in the right direction to hunt animals. In order to defeat the giant prey, you are required to aim and adjust your throwing powers to hit each animal at their weak point. Perfect your aiming shots as you try to hit your targets in many challenging situations. Maintain your ability to move back at a safe distance and find the right balance between walking and firing backwards while guarding your own life, as a wrong move can end your life! Simple Yet Tricky Gameplay Gameplay gameplay is very simple – you are set to the screen with big animals with their soft spot marks and your goal is to aim your spear to make a fatal strike. Take the giant animals down using your Big Hunter's best weapons like spear, axe, and boomerang. You can practice your skills with fake animals on the training camp section and when you are sure enough, you can go out and chase your tribal dinner. Big Hunter Game Tips and Tricks Not to be afraid to move back While your goal is to chase the mammoth down, you will also have to outrun it often, moving back to the left will do the trick. As you move forward, the mammoth gets bigger and stronger makes it To defeat and if you won't be careful on your moves, you might end up dying from the mammoth's gigantic feet. Know Your Weapons Big Hunter online game is a tricky projectile game that will put your skills and patience to the test. Unlike Angry Birds which is a similar game, Big Hunter will require you to protect yourself and your prey will know how to protect themselves (the mammoths have huge tusks blocking them) and the best way to win this game is to get the right weapon. The weapons range from the ear, spear, sickle, boomerang, stones, shuriken and knife. Each weapon has its own damage and usage difficulties but they are quite expensive so you really have to do well in

search to afford them. It is important to know the use of your weapon so that you know exactly what to use in each situation and when to use them.
